

# CGSCONENC Datasheet

## Enclosures For Electrical Contactors

### Product Overview

Designed for general purpose indoor commercial use to enclose electrical contactors or transformers. The hinged cover with latch provides easy access during installation and maintenance.

### Standards

### Construction

- ✓ Formed and spot welded from 16 or 14 gauge steel depending on size.
- ✓ Formed steel covers close by use of slotted quarter turn latch.
- ✓ Full swing door using butt hinges.
- ✓ Easily removed knockouts on all 4 sides (see drawings for sizes and locations)
- ✓ Through holes in back for wall mounting.
- ✓ Grounding location embossed in body.

### Finish

- ✓ Enclosure and cover are finished in ANSI 61 gray powder coating.

### Accessories

- ✓ Type 1 lock kit
