

Key Features

- Nylon Water Proof Material
- UV Resistant
- Provides weather proof seal.
- 1/2" to 2" covers available.
- Easy installation.

Standards

Product Overview

The CGSWP is a separately supplied weather proof cover designed to repel water from the valve electronics when mounted outdoors.

The cover is mounted over the coil, and provides additional weather proofing to the valve to ensure no water can enter the coil and cause damage. The bottom of the cover is open to atmosphere to allow heat dissipation.

It is made of a weatherproof and UV resistant Nylon material designed to last in the worst of environmental conditions.

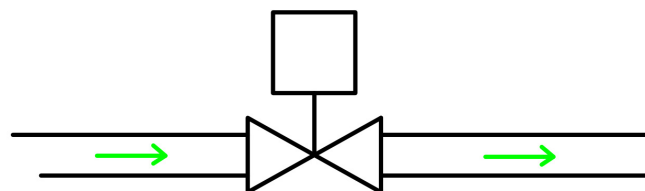

Sizes Available

Valve Size " (inch) NPT	CGS Part Number
1/2"	CGS-WP12
3/4"	CGS-WP34
1"	CGS-WP1
1+1/4"	CGS-WP114
1+1/2"	CGS-WP112
2"	CGS-WP2

To order with the gas valve add -WP suffix to part number

Mounting Point

The CGSGSV valve must be installed vertically when using the CGSGSVWP.

WARNING

If the flow is not in the same direction of arrow, valve may not shut off.
